Nominating Committee Helpers Needed

We are still looking for 3 helpers for nominating committee reaching term limits at the end of this school year, the search for interested folks is more important than ever and that's where nominating committee comes in.

Nominating committee helps to find folks who might want to know more, discusses the available roles with those people and presents a slate of nominees at our May general meeting to be voted on by members.

With help from current board members, training available and the option to do it all remotely, this is not as complicated as it sounds but it IS a requirement. In order to move forward as an organization, we need new board members, new

committees and just folks who are interested in getting involved and making a difference for our students, staff and families.

If you can spare 2-3 hours of your time in the coming months, **PLEASE** contact welcome@redmondelptsa.org for more information.

The Passport Club!

Geography Enrichment Program for Elementary School

Passport Club is run by PTSA volunteers, we train and test Red El students on their geography knowledge. We have a Distance Learning program available this year. We are going to provide maps online for students to study every month, and on Friday at the end of the month we are going to post test links for students.

Our next Passport Club test is going to be posted on **April 29 in Hawkflash and will cover April maps**. Maps are available here: <https://passportclubonline.com/online-student-study-maps>. Scroll down to "Monthly Maps", select the current month and put password: **HelloWorld**

We also have a Virtual Classroom, where students can access activities that introduce the countries they will be studying each month.
