PTSA volunteers are the way that things get done! We have an amazing team running Reflections, Talent Show, Math Challenge and more, but we have other activities that need your skills! The Passport Club!

Geography Enrichment Program for Elementary School

Passport Club is run by PTSA volunteers, we train and test Red El students on their geography knowledge. This is an optional program so **it's not graded**. We have a Distance Learning program available for this year.

This is the October Passport check, below are 5 links to every level on **October maps**. Students can take the test in the following week **after school hours** till Thursday (Nov 25, 2021), it won't be available after Thursday.

Students can choose a link according to their grade or can take higher level tests. It totally depends on how much they want to learn. **Please choose only one link** as all the levels links start with level 1. For example if a student chooses Level 5, the quiz will start on level 1 then goes on to level 2, 3,4 and 5. They need to pass every level to go on to the next level. Students get points for every question answered, at the end of the test students will be scored automatically and will receive instant feedback. Parents will also receive student scores in the email provided in the test link.
